ForumIAS

How did we build an academy which has sent 2 out of every 3 students selected in Civil Services Examination 2022, 2023 and 2024 – including Rank 1, 2, 3, 4, 5 with near zero Quora reviews, a dull social media presence, and a disinterested marketing plan?

It's *simple*

We focused on our students. And cut the *noise*.

And they gave us Top ranks!

At ForumIAS, our USP lies in being thought leaders in Civil services Preparation, identifying what works and what does not, and make changes every year. We attract the best and the most sincere aspirants and turn them into officers without diluting our course quality to attract the masses.

Toppers chose ForumIAS

ForumIAS Mains Guidance Program has been the choice of the sincere aspirant – right from first attempters [1] - to students with who are seeking continuous improvement [2] - to those seeking a rank and career improvement [3]. With more than 47 students selected in CSE 2024 in Top 100, being students of Mains Guidance program 2024, we have built an impeccable program that enables you to succeed like no other.

This year MGP is even more powerful, covering almost all relevant concepts of previous year questions (framed differently), handholding you from the very beginning till the end of the program.

The new MGP program is tailored in a way that aspirants ranging from absolute beginners with zero answer-writing experience and skills to students who have already secured ranks but are looking to improve their scores can benefit from it.

Every year since we started **MGP.**

MGP Masterclass & MGP Blueprints

MGP Masterclasses are byte size explanatory videos ensuring comprehensive coverage of different concepts from static part of syllabus.

These are **focused, efficient,** and **exam-oriented** and integrates **MGP worksheets** for self practice.

Each topic is broken down logically and explained with clarity to ensure strong conceptual understanding without unnecessary overload.

MGP Masterclass is available both in live and recorded format allowing aspirants to learn at their own pace while staying consistent.

This structured approach **improves retention, speeds up revision,** and helps aspirants convert static subjects into reliable scoring areas.

MGP Blueprints are designed to eliminate content chaos by bringing everything important into one place. They focus on **complete content** consolidation through documents that are **up-to- date, super crisp,** and **strictly exam-relevant.**

Each Blueprint filters current affairs and static linkages to retain only what matters for Prelims and Mains. No excess theory, no outdated references—just sharp points aligned with PYQs and evolving UPSC trends.

The documents are structured for **quick reading**, **easy revision**, and **high recall**. They reduce dependence on multiple sources and repeated note-making.

With MGP Blueprints, aspirants gain clarity, confidence, and control over the syllabus—turning scattered information into a single, reliable, scoring-ready resource

Impeccable Mentors that our students vouch for.

The best mentor you can get is an elder sibling who is in service.

The *second-best* mentors are at ForumIAS.

At the **core** of Mains Guidance Program is Mentorship. At ForumIAS, you have access to the best team of mentors who have the relevant experience of guiding the *Crème de la crème* of Civil Services aspirants.

ForumIAS mentors follows an ***active mentorship*** approach, where mentorship is not passive or optional, but a continuous and structured academic engagement.

They have the experience of ***handholding students*** who are complete beginners – who are beginning their Civil Services preparation with very little experience to students who have come after 3–4 failed attempts.

As part of **active mentorship**, they reach out to students after the evaluation of every answer copy, ensuring ***focused guidance, course correction,*** and ***academic clarity.***

Our mentorship has enabled them to realise their true potential by securing their name in the final list. This process is further strengthened through continuous ***mentor townhalls*** / group mentorship sessions, where students learn from the queries, discussions, and common mistakes of fellow aspirants.

ForumIAS boasts of the best tribe of mentors who have mentored – and continue to mentor – hundreds – if not thousands – of selected candidates.

In fact, if you have heard of the term *mentorship* in Civil Services preparation – remember it *all began with* the MGP Mentorship program.

"Forum IAS has been an integral part of my test series journey. The MGP 2023 and MGP 2025 have been a game changer in completing my paper on time with good structure. I am grateful towards the entire team and mentors for their support and guidance.
Forum IAS has been the backbone which provided me the confidence and support throughout my UPSC journey."

High Quality Questions & Answers that make you think and open your mind. Period.

Mains Guidance Program is no *ordinary* test series. They are also not a *bunch of questions* pooled together and dumped on the students.

One of the *key* differences between the Civil Services Examination conducted by the Union Public Service Commission vis-à-vis other State Services Examinations and University Examinations is that the Civil Services Mains Examination is a *thinking* paper.

This means that you cannot simply mug up notes and vomit them in the paper.

Questions often require deeper understanding, conceptual awareness and a thinking and open mind that can *quickly* collate *opinions* and facts to answer questions asked on the go.

With the increasing difficulty level of the Civil Services Examination, MGP makes you *think* - opens your mind to new ideas and dimensions – and prepares you for the real exam like no other.

Which is why the largest number of selected students* and interview appeared candidates choose the Mains Guidance Program over and over again.

*for rank improvement and mentorship guidance

"I was part of MGP, SFG (Level 1, 2) and AWFG
MGP helped me attain one of the highest scores in GS (450 marks). I also followed Ayush Sinha sir's strategy videos. Grateful to the entire Forum IAS team."

Start as an aspirant.

End up becoming officer with the year-long MGP.

Compete with India's best.

In fact, *become* India's best.

"For the journey may be long, but it is full of experiences, knowledge and it assures a change of life & self. Many thanks to Forum IAS for building a community, delivering exceptional content, tests and making the preparation aligned to what UPSC demands from us.
Simulator and MGP offer a chance to examine ourselves before the exam tests us.
Wish everyone all the best!!"

Do you know that IAS Toppers of CSE 2023, CSE 2022 and CSE 2021 Aditya, Ishita and Shruti were first part of MGP Year Long program?

A lot of students think that they must join MGP after the prelims.

Some students are also misguided into thinking that they must complete the syllabus first then write answers.

Given the nature of humanities, the syllabus completion day never comes, while the exam does.

We don't blame them. A lot of noise on the Internet and for attention—in an age of attention economy–separates the serious and sincere, well-aware student from the masses.

MGP is a self-paced, flexible, self-study plan with answer writing for the sake of accountability at regular intervals, with mentorship support that has worked for thousands of students since we launched the program in 2016.

The Year Long MGP makes sure that you take the slow, but small steps to writing answers, before being thrown into the competition.

There is no substitute for answer writing.

Prepare Current Affairs with India's Best:

Based on Relevance, Retention & Recall

Current Affairs Classes are designed to help aspirants prepare dynamically, not mechanically. Instead of daily information overload, preparation is organised through **theme-wise classes** that reflect how UPSC actually frames questions.

Each theme is curated using the **Relevance, Recall,** and **Retention philosophy**—filtering news through exam value, linking it with static syllabus, and reinforcing it through repeated conceptual anchoring.

Classes focus on issue-based **understanding, interlinkages,** and **PYQ orientation** rather than headline memorisation. This ensures deeper comprehension and sharper application in both Prelims and Mains.

By structuring current affairs around themes, these classes transform scattered news into coherent, recall-friendly knowledge—helping aspirants prepare ***current affairs like no other.***

ForumIAS conducts Year Long Current Affairs (Dynamic Issues – GS Paper 2 & 3 & Certain parts of GS 1 & 4) in 3 phases.

In the first phase, one of the challenges with other Current Affair Classes is that Prelims is completely ignored in phase 1 and is left for last moment. However, we cover the pre-cum-mains syllabus of GS Papers through issue-based classes. Current Affairs for Prelims will be regularly covered alongside mains. Classes are held twice a week till the last week of January.

In Phase 2, the focus is completely on Prelims. We sum up current affairs of the past 2 years in about 18-20 classes across Polity, Economy, Geography, Environment, Science & Tech, with mapping and other miscellaneous topics. Classes are held 3 days a week.

In Phase 3, which commences 2 weeks after the Prelims gets over, about 20 - 22 classes are conducted focusing on the most important mains issues of that year. Any updates to topics previously covered are also provided.

"I was part of SFG, current affairs and MGP at Forum IAS. Discipline instilled through SFG during prelims is very helpful. Current affairs courses helped in holistic mains topic coverage.
I was also part of interview guidance program at Forum. I thank Ayush sir for his valuable insights during one-to-one sessions in interview. I thank the entire Forum IAS team for all the support and guidance."

Prachi Honey
IAS Rank - 28, CSE 2025

Making test feedback more interactive and intuitive.

Test Feedback is designed to go beyond marks and ranks, focusing on **interactive** and **intuitive evaluation** that actually improves performance. Instead of generic comments, **feedback** highlights **why an answer worked or failed.**

Each response is analysed for **content relevance, structure, articulation,** and **demand** of the question. This helps aspirants clearly identify gaps in understanding rather than guessing their mistakes.

The feedback process encourages two-way engagement, allowing aspirants to **reflect, refine,** and **realign** their approach. Actionable pointers replace vague suggestions.

By making feedback intuitive, aspirants learn how to think, structure, and write better with every test. This transforms evaluation into a learning tool—turning every mistake into a step closer to Mains success.

"I would like to thank Forum IAS for being an important part of my journey. I was part of MGP, AWFG & Prelims Test Series. The tests improved my answer writing and model answers provided value addition."

Aryan Yadav
IAS Rank - 31, CSE 2025

Now cover all relevant questions from Previous Year Questions (PYQs) in MGP 2027 with Master PYQ Classes & brilliantly written solutions.

Master PYQ Classes are anchored in the understanding that the UPSC question paper is the most reliable guide for Civil Services preparation. The programme systematically analyses the last 15 years of Mains PYQs to cover ***thematic priorities,*** and understand the ***evolving nature*** of UPSC's demands.

With MGP 2027, rest assured that you will not only cover all well-curated, important / non-outdated* concepts from Previous Year Questions through MGP tests – you will also find solutions to some of those questions.

Over the course of almost 12 to 18 months, we will make sure your minds are seeded with previous years questions, so that you not only move in the right direction – you also develop the much-needed confidence in solving previous year questions.

And you will also not waste time solving PYQs that are no longer relevant (due to change in dynamic issues, and some issues becoming dead) – nor waste time researching their solutions.

But that's not all, with MGP 2027, you will be exposed to the most cutting edge and relevant dynamic questions, that make you think, that open your minds, and train you to face the actual Civil Services Mains paper.

*A large number of PYQs lose relevance over a period of time given the dynamic nature of current happenings and emergence of new factors. Due to lack of experience, a lot of students waste time solving questions that have lost relevance.

"I was part of Forum IAS MGP programme. I wrote almost all the tests and they helped me complete the paper on time with good value addition to my notes."

Mayank Purohit
IAS Rank - 33, CSE 2025

Take the Handholding Steps.

With MGP 2027, rest assured that you will be provided with handholding features that ease your academic journey as well as easy access to mentors and deliverables from the institution.

For academic journey the tests plan has been curated so that you do a) read the basic books and MGP Blueprint docs, b) Watch MGP Master Class, c) write the self-assessment test and d) finally write the evaluated MGP tests.

The syllabus has been planned in a way that at the beginning you are reading the syllabus which is foundational and common for both Prelims and Mains examination.

A new feature of SPOC (single point of contact) is being introduced which will help you seamlessly connect for mentor interactions. The SPOC will be readily available for your interactions and deliverables with the organization.

"Dear Forum IAS,
I am grateful to Ayush sir and his team for their support. I practiced SFG tests and was part of MGP. The alignment of questions with PYQs is commendable.
Thank you, Forum IAS."
