WHY CSAT?

CSAT is both an important paper of Civil Services Examination as well as one which a lot of people take for granted. With our eight years of experience in Competitive Examination, we have seen many fall to the problem of **(a) taking a subject for granted**, and **(b) not working on known weak areas**. We believe that **(a) in a competition taking any area for granted is suicidal** and **(b) CSAT must be actively prepared for if you have not solved aptitude subjects in a while**. Also, as is the nature of Aptitude Test, while practice is what will help you through, a teacher handholding you hugely reduces the time taken to prepare and secure yourself a place in Mains. This is especially true if you have a known problem with CSAT.
