# ABOUT THE PROGRAM

## What is Essay paper in CSE Mains exam?

It is one of the 250 marks paper having weightage similar to other GS papers. Here students are expected to write 2 essays of 125 marks each, in three hours. The expectation of the commission in essay paper from aspirants is (as mentioned in official CSE notification):

*Candidates may be required to write essays on multiple topics. They will be expected to keep closely to the subject of the essay to arrange their ideas in orderly fashion, and to write concisely. Credit will be given for effective and exact expression.*

This paper gives scope to candidates to present their thoughts in the form of analysis of the issue, presented to them as an essay topic. It is one of the few papers where student can score high with minimum but concerted efforts.

## What is the benefit of comprehensive Essay Guidance programme for 2023?

Till recently, students facing challenges of managing GS and optional were not inclined to give due attention to essay preparation. They usually applied their GS content and knowledge to write a decent essay with few quotes thrown here and there. Despite it being an easy scoring paper, it had been neglected by students for long. But the recent few years have highlighted the importance of Essay marks in getting an interview call and a good rank in the final merit list.

Essay has emerged as the **game changer** in CSE mains exam with average marks in the range of 125-145+, sometimes going as high as 175. This makes quite a lot of difference to the total marks as compared to the average GS marks of 90-110 marks (barring few exceptional years where GS IV had scores of 140+), thus emphasising its weightage in the final selection of the student. However, essay paper, when completely neglected often leads to low scores of 70-100 in some cases.

For the students aiming for 2023 attempt, this is the right time and course to prepare for Essay. With thematic classes and adequate practice tests, students will gain understanding of the art of essay writing.

- They build good and adequate content around some conventional and unconventional themes, based on previous years topics.
- They learn the approach to essays and understand the structure of a good essay.
- They learn the multi-dimensional analysis and application of Current Affairs to the essay topic.
- They practice essay writing and get valuable feedback on them, long before attempting the actual essays in the CSE Main examination.

## Program Objectives

The essay program is designed in a manner that it ensures following:

- Help student understand the **demand and dynamics** of the essay paper. Develop the skills to write both objective and philosophical essays.
- Help student understand the structure and devise an **effective strategy** to deal with the essays.
- **Recognising and avoiding common mistakes** that students make in essay writing.
- Help students understand various Essay Themes and build a relevant content for any essay being asked from these things.

The focus of the programme is to help students understand the art of essay writing and ultimately write essays in **coherent fashion** with effective and exact expression which is rewarded by the commission. Candidates will also be trained to write on unconventional, abstract and philosophical topics perceived as daunting topics. With requisite practice, good content provided as synopsis and comprehensive mentor guidance, the candidates are armed to handle any essay with ease and confidence.
