# ABOUT THE PROGRAM

## Learning Components of GS Foundation Program

The GS Foundation Program is a **prelims-cum-mains mentor-led Guidance Program** that provides a **single and unified 360-degree preparation roadmap** for UPSC Civil Services Examination. The program commences well ahead of the exam to give students ample time for preparation.

### Why choose ForumIAS GS Foundation Program?

We will give you three reasons:

- **Reason 1**

The truth is, Conventional Foundation Programs focus on classroom sessions, without a model for external assessment or even self-assessment on a timely basis. By the time the student is evaluated, there is a lapse of one year from the time She/he studied it. So, in conventional foundation programs, you will end up only making notes for one year and writing tests in the second year. But at ForumIAS, you will have weekly and monthly assessments backed by mentor feedback which will keep you oriented on the right path.

- **Reason 2**

Anyone who has cleared the examination will tell you that right guidance is the key to cracking the Civil Service Examination. At ForumIAS, we have some of the best people, who will be a part of your entire preparation journey. You will get in-person, online and telephonic support throughout the preparation journey.

- **Reason 3**

Here, you will do all the three – **classroom sessions, answer writing sessions, solving MCQs from Day 1**. Also, you will be provided multiple rounds of revision at the optimal stage of your preparation.

### Comprehensive Preparation In Dedicated Timeline

At ForumIAS, our philosophy is to help students grow through phases and do the right thing at the right time. We also take pride in ourselves in completing the syllabus at designated time so that aspirants have ample amount of time left to invest in revision and evaluation of the attained knowledge.

### Comprehensiveness is provided by covering each aspect of examination through

- **GS Classes** – The classes take care of complete preparation for Prelims and Mains. The classes are conducted in offline and online mode. They are followed up with doubt sessions. These classes are supplemented with crisp handouts making revision an easier task. The classes shall be conducted on Saturdays and Sundays as well while making sure that sufficient preparation leave is provided before the CBTs.
- **Daily Benchmark Assignments (BAs)** – The daily benchmark assignments will ensure assessment and feedback to aid improvement on everyday learning of the classes. The tests are based on important topics covered in the class from an examination point of view, thus not only drawing attention on the most important aspects of a topic, but also to help a student prepare better notes for themselves with the help of model answers and references provided for the assignments.
- **Comprehensive Benchmark Tests (CBTs)** – The comprehensive benchmark test (comprises both objective and subjective tests), is conducted at regular intervals to simulate UPSC examination pattern from the very beginning of the preparation journey. A dynamic exam such as this provides objective + subjective assessment along with evaluation and feedback on the same. The Comprehensive Benchmark Tests (CBTs) are designed to help students in monthly revision. These tests are important as a student is not expected to learn the trick and trade of solving MCQs or Answer Writing on day one, but it is a gradual process, and these tests will help you incrementally learn the same. The quality of questions, solutions and evaluation of subjective questions adhere to the standards set by our MGP program.
- **Select Focus Group (SFG)** – The SFG begins post your completion of GS Classes. It consists of 50 Questions / 1 hour test written every day (except Sunday) in disciplined manner at a designated time. With multiple tests for each subject, it ensures you have completed a detailed revision of all the recommended textbooks for Prelims.
- **Answer Writing Focus Group (AWFG)** – Generally held post prelims, this is SFG for Mains. It ensures detailed revision. The tests are followed up with detailed discussion which will help you understand how to approach a question as well as create niche content for the questions and topics asked in tests. Discipline is again an important part of this program.

## FEATURES

- **Access of classes will be available till Mains 2025.**
- **Mentor Support will be available till you clear the exam.**
- **Personalized & Individual Attention.**
