## What is Mains 500+?

The Mains 500+ for 68<sup>th</sup> BPSC Mains Examination is a fast-paced, content-intensive and question – answer driven model of covering the BPSC Mains syllabus in a time-bound manner. ForumIAS is fully aware of the competitive nature of State PCS exams including BPSC. To help students who are sincere towards their goal of clearing the prestigious exams conducted by the government, ForumIAS is willing to support these students. So, ForumIAS has come up with this crash course for 68th BPSC Mains.

## What are some of the major issues faced by student preparing for BPSC Mains?

Based on our experience of guiding students over past 7-8 years, we have observed that in order to clear any exam, the most important requirement is to have awareness about the syllabus and previous year questions.

The best part about BPSC Mains exam is that the questions in the papers are on expected lines. Only requirement to clear the BPSC Mains is to have good quality content of those set of questions and a sound understanding of the content of those answers. Consistency in the content and practice thus becomes a must for BPSC Mains.

### Issues faced in BPSC Mains preparation:

**#1 Improper assessment:** Many students, especially who are preparing for BPSC Mains for the first time and who are failing again and again in BPSC Mains fail to properly analyze the pattern of the exam and previous year questions of the exam.

**#2 Random preparation:** Students who are aware of the important topics to be covered for BPSC Mains keep on referring to different sources for the preparation. Thus, the preparation as well as content both becomes random.

**#3 Inadequate focus on Bihar:** As many students prepare for BPSC as well as other government exams like IAS, they are unable to focus on Bihar. If anyone analyzes the question papers properly, they can understand the importance of understanding any issue in the context of Bihar. This is the main focus of BPSC Mains exam.

**#4 Issue of Revision:** Due to unconsolidated content, people are unable to revise. Some students develop the habit of doing endless value addition in their content. So, unending content preparation leads to poor revision and ultimately poor delivery in the exam hall.

**#5 Insufficient Answer Writing practice:** Many toppers in BPSC from ForumIAS like Shreyansh Tiwari (63rd BPSC) have talked about the importance of answer writing. There is a general lack of motivation towards answer writing among many students. With our experience, we can say it with confidence that answer writing is must for BPSC Mains.

## Why join Mains 500+?

**So, what are the unique aspects of ForumIAS Mains 500+ for 68<sup>th</sup> BPSC Mains?**

**#1 Strictly exam-oriented:** The content and topics to be covered in the classes are strictly based on the analysis of previous year questions. The topics will be covered in such a manner that students will be able to deal with unconventional questions on those topics, if needed.

**#2 Comprehensive Coverage:** The course ensures that all the possible topics, relevant from exam perspective be covered in the classes. The only expectation from the students is they keep on revising this content so that they build answer writing acumen.

**#3 Fast-paced classes:** We understand that students who are going to write 68<sup>th</sup> BPSC Mains already possess strong foundation. But where they need support, is getting consolidated and high-quality content within limited time. That's our motto. You will be provided with sufficient time for revision.

**#4 Revision and Answer Writing Practice:** The best part of this Crash Course is intensive understanding of answer writing. This will be inculcated as the classes are Q & A based. Additionally, faculty in each class will provide with 1 – 2 question whose answer will be discussed in the class.

**#5 Mentorship:** ForumIAS has been the pioneer in giving mentorship to students preparing for Civil Services exam. We have also been the first in providing mentorship to students preparing for BPSC exams. This has benefitted many students significantly. In this crash course program, we are again providing Mentorship to enrolled students.

**#6 Comprehensive Coverage of Statistics (GS Paper 1):** Statistics portion has been a pain point for major aspirants especially for those coming from non-technical background. The program will cover statistics portion comprehensively.

**#7 Essay Program:** The essay paper has been incorporated for the first time in BPSC Mains exam. In order to support and guide the students in this paper, we are devoting significant number of lectures as well as tests for it. It is important to note that this will be a paper that will create difference among candidates. So, one can't afford to take this paper lightly.

### Main highlights of the Program

#1 The nature of classes will be discussion centric and focused upon the handouts to be delivered to every student.

#2 Handouts for the topics in Question-Answer format will be provided before every class. Students are expected to make these handouts as readymade source of answers and do value addition as per their understanding.

#3 Students are expected to pen down important points based on the discussion in classes.

#4 The handouts will be provided either in English medium or Hindi medium, depending on the choice which the student has opted before joining the classes.

#5 The medium of discussion in the classes will be bilingual. So, students are expected to focus on conceptual clarity.
