ABOUT THE PROGRAM

About Sociology - ATS

This test series program is geared towards familiarising aspirants with the new **trends observed in sociology optional** with respect to both conventional topics and current themes of relevance. The prime objective is to make students develop their analytical thinking by way of writing answers that are sociologically relevant, for both conventional/expected questions as well as those that require application.

This Test Series will help students **strengthen their ability to think sociologically** while writing answers, draw the right connections, and develop the required sense of preference (what must be written, what needs to be written, and what can be written). Moreover, it will help the students with respect to on-the-spot thinking without compromising on the desired pace needed for mains optional examination.

What are the deliverables under Sociology ATS – for Mains 2024?

3. Answers/Synopsis of each Question will be provided after the test.
4. **Detailed Test discussion*** These discussion classes will provide student strategically apt value-added content through incorporation of sociological insights on relevant current affairs and well researched credible resources for both the papers.

6. Test Solutions will be provided in PDF format (Online), or can be picked up from the Center.
