Strategy & Philosophy behind the Program

The way to score well in the Mains Examination has two key pillars - Have great content and practice answer writing well. The Ethics Test Series consists of a total of 8 Tests so that candidates are able to hone the ability to think on their feet and practice answer writing skills. The program consists of 6 half length tests - with live & online video discussions so that the handholding necessary for answer writing is done in a focussed manner. In these LIVE sessions, candidates will be provided not only the content for the answer but the focus will be on how to think and solve the questions and the value addition that can be done. The discussion videos will be available in the student dashboard till the end of Mains 2025 examination.

Subsequently, the candidates are expected to write 2 Full Length Tests with Detailed Solutions and evaluation so that they have adequate practice for their mains before attempting the actual paper. These tests along with MGP tests on GS IV will complete the much needed practice that is crucial for securing good rank and service.
