Dear

EXAMINER'S REMARKS

You have given very good effort

1) As you attempted all questions with following

IRS structure

2) Good Knowledge Base and Question Interpretation skills exhibited in all questions

3) Apt value addition dimensions in ques (8, 9, 14, 18, 19, 20)

4) Good Presentation skills with Boxed sub-heads; Segregated dimensions and micro-heads; good handwriting and minimal over writing.

cover both aspects

Suggestions → 1) In Question 16 with adequate points

2) Improve quality of examples and substantiating dimensions.

CRITERIA FOR THE FEEDBACK SECTION AT THE END OF EACH QUESTION

Keep Writing

You Have Very High Score

1. **AWIS = Answered What is Asked.** This means whether you have addressed the core demand of the question or not. Addressing the core demand of the question gets you an objectively fair score. It is examiner's perception if you have understood the question and if you know the answer in the first place. Creative answer writing, sometimes missing the core demand, may fetch very high or very low scores, and exposes your answer to the subjectivity of the examiner.
2. **CD & VA = Content Density & Value Addition.** Examiner will evaluate the quality and quantity of your content in the answer. In the same word limit and space limit have you (a) written what is asked (b) gone beyond what is asked (c) enriched answers through combination of (but not all) suggestions, ideas, quotes, flowcharts, diagrams, facts and figures, data etc. This affects objective components of assessment.
3. **S & F = Structure & Flow =** Whether you have structured your answer properly or not. Whether the answer has been broken into parts and sub-parts and each part has been addressed appropriately or not. Whether the flow of the answer is maintained. Affects both subjective and objective components of assessment.
4. **P & R =** How your answer performs on the criteria of presentation, ease of read, clarity and apparent effort in writing the answer. This affects the subjective components of assessment.

Good Luck!

गिग इकॉनमी क्या है? भारत में रोज़गार परिदृश्य पर इसके उदय के प्रभावों का परीक्षण कीजिए। (15 अंक, 250 शब्द)

Gig Economy is the economy, workers who lie outside the traditional employer-employee relationship *(as defined under Code on Social Security 2020)*

As per NITI Aayog there are ~77k gig workers (~1.5% of the workforce) & it is supposed to increase to 231 crore (4% of workforce).

However, there are no official estimates wrt the gig economy.

Implications of Gig Economy in India

Valid Points

- Postures of gig economy on employment
- 1) increased labor force participation rate from 50% (2018) to 60% (2024)
 - 2) it has led to increased FLPPR (from 27% (2018) → 42% (2024)) as it is more-inclusive.
 - 3) provide more flexibility to workers.

Valid definition and data in Intro

Before giving Implication Try to highlight Characteristics of gig Economy

- ↳ Platform workers
- ↳ Freelancers
- ↳ Lack of formal contract & social security

↳ Plug n Play model

- 4) unemployment rate has decreased from 6% (2018) → [3% (2024)]
- 5) low-entry barriers ⇒ potential to provide mass jobs & solve the problem of jobless growth (as current employment elasticity = 0.1)
- 6) leads to women empowerment → ^{ref} women driven
- 7) provides extra income to students & house-makers. ✓ ex: Cloud Kitchen, Urban Company, Meesho etc

They to add on ground examples

However, concerns have been raised wrt the quality of employment in gig economy.

Benefits of

Concerns wrt the emerging gig economy → 1) increased informalization of the economy as 90% of the workers are in informal sector.

Valid Point

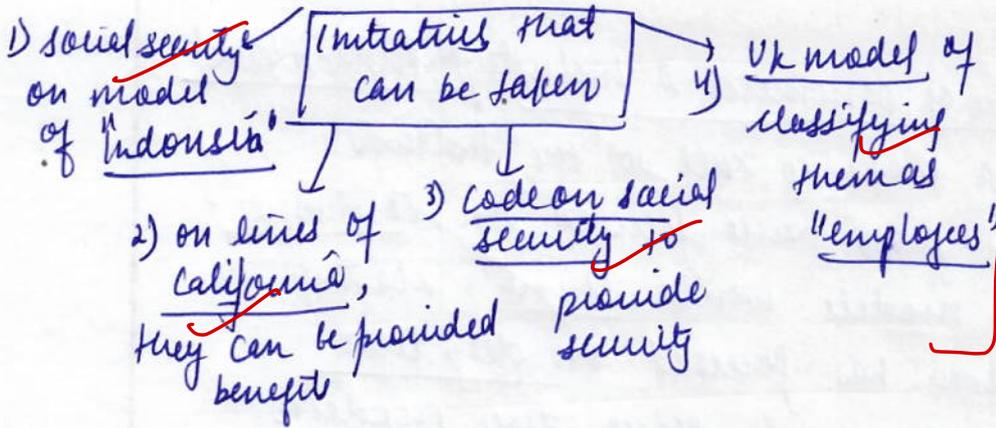

- 2) low-wage jobs are more in the gig economy
- 3) it failed to create jobs for highly qualified candidates →

60% of the unemployed people are highly qualified.

- 4) No social security benefits - classified as "partner"
- 5) exploitation of workers due to "opaque algorithm" ⇒ [disproportionate]
 - employer-"partner" relationship
 - customer-worker relationship

good specific points

Valid value addition can add Rajasthan & Karnataka Rules on mandating social security.

Valid conclusion

Gig economy holds the potential to reap the demographic dividend & address jobless growth. Hence, addressing these challenges, we can move towards the "Viksit Bharat" vision & \$7 trillion economy.

opportunities created by Increased FLPPR for inclusive development

1) helps reap gender dividend as currently, women constitute 48% of population but contribute to only 18% of output

2) IMF Chief if male LFPR =

Also add
Legal safeguards
→ POSH Act
→ Maternity Benefit Act
→ Expansion of flexible job in gig-economy

Time Argument
but more suitable here
Conclusion

Give Arguments

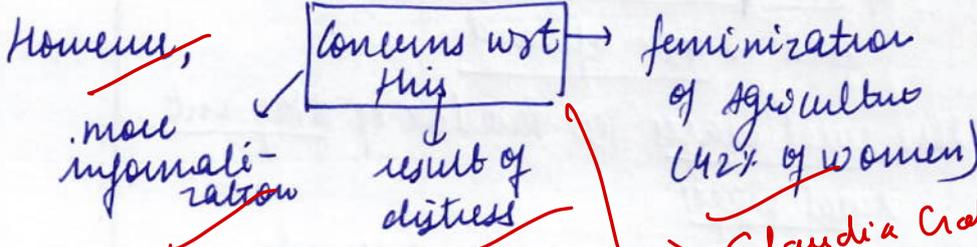

FLFPR, India's GDP will grow by 27%

3) Women empowerment → more inclusive growth

4) will help India achieve goal of Viksit Bharat via reducing gender-inequalities
