# How did we build an academy which has sent 2 out of every 3 students selected in Civil Services Examination 2022, 2023 and 2024 – including Rank 1, 2, 3, 4, 5 with near zero Quora reviews, a dull social media presence, and a disinterested marketing plan?

**It's *simple***

**We focused on our students. And cut the *noise*.**

And they gave us Top ranks!

At ForumIAS, our USP lies in being thought leaders in Civil services Preparation, identifying what works and what does not, and make changes every year. We attract the best and the most sincere aspirants and turn them into officers without diluting our course quality to attract the masses.

## **Toppers chose ForumIAS**

ForumIAS Mains Guidance Program has been the choice of the sincere aspirant – right from first attempters [1] - to students with who are seeking continuous improvement [2] - to those seeking a rank and career improvement [3]. With more than 47 students selected in CSE 2024 in Top 100, being students of Mains Guidance program 2024, we have built an impeccable program that enables you to succeed like no other.

This year MGP is even more powerful, covering almost all relevant concepts of previous year questions (framed differently), handholding you from the very beginning till the end of the program.

The new MGP program is tailored in a way that aspirants ranging from absolute beginners with zero answer-writing experience and skills to students who have already secured ranks but are looking to improve their scores can benefit from it.

Every year since we started **MGP**.

- [1] Donuru Ananya Reddy (IAS Rank 3), Shah Margi Chirag (IAS Rank 4), Komal Punia (IAS Rank 6), Aayushi Bansal (IAS Rank 7), Ettaboyina Sai Shivani (IAS Rank 11), Sanskriti Trivedy (IAS Rank 17), Saumya Mishra (IAS Rank 18), Pratyush Pandey (IAS Rank 21), Saurabh Sharma (IAS Rank 23), Chandrajyoti (IAS Rank 25)
- [2] Aditya Srivastava (IAS Rank 1), Ishita Kishore (IAS Rank 1), Shruti Sharma (IAS Rank 1), Ruhani (IAS Rank 5), Varun Reddy (IAS Rank 7)
- [3] Anudeep Durishetty (IAS Rank 1), Waseem (IAS Rank 7)

---

I enrolled myself in the Forum Mains Guidance Program+ for GS and Essay Test series. The answer writing practice and written feedback from ForumIAS helped me improve my answers and get a high score in my General Studies papers.

I joined MGP in my CSE 2022 attempt and got benefitted from the detailed evaluation and timely query resolution of ForumIAS. Thanks to ForumIAS.

**Aditya Srivastava**  
**IAS Rank – 1, CSE 2023**

---

Each year, ForumIAS *learns* from its own experiences and success of its students to further strengthen and refine the Mains Guidance Program, ensuring *rigorous* and *exam-aligned* preparation.

# MGP Masterclass & MGP Blueprints

---

This is E.Saishivai, Secured AIR 11 in UPSC CSE 2024. During my preparation, I was associated with ForumIAS. Specially during mains 2024. I had enrolled in mains test series (8 FLT's).

The timely evaluation of the copies, model answers helped me assess my level of preparedness. The kind of questions that were asked in the tests gave me certain inputs, which helped me in updating my notes. I take this moment to express my heartfelt gratitude to the team ForumIAS.

**MGP Masterclasses** are byte size explanatory videos ensuring comprehensive coverage of different concepts from static part of syllabus.

These are **focused, efficient, and exam-oriented** and integrates **MGP worksheets** for self practice.

Each topic is broken down logically and explained with clarity to ensure strong conceptual understanding without unnecessary overload.

MGP Masterclass is available both in live and recorded format allowing aspirants to learn at their own pace while staying consistent.

This structured approach **improves retention, speeds up revision,** and helps aspirants convert static subjects into reliable scoring areas.

**MGP Blueprints** are designed to eliminate content chaos by bringing everything important into one place. They focus on **complete content consolidation** through documents that are **up-to-date, super crisp,** and **strictly exam-relevant.**

Each Blueprint filters current affairs and static linkages to retain only what matters for Prelims and Mains. No excess theory, no outdated references—just sharp points aligned with PYQs and evolving UPSC trends.

The documents are structured for **quick reading, easy revision,** and **high recall.** They reduce dependence on multiple sources and repeated note-making.

With MGP Blueprints, aspirants gain clarity, confidence, and control over the syllabus—turning scattered information into a single, reliable, scoring-ready resource

# Impeccable Mentors that our students vouch for.

---

I, Banna Venkatesh enrolled in Forum IAS MGP – 2023, 2024 test series for mains and got benefitted from the same. The test series pattern with good model answers and timely feedback helped me improve my mains answer writing, contributed to my success in both civil services 2023 (rank – 467, IPS) and CSE 2024 (Rank 15). I thank ForumIAS for their support in my preparation.

Banna Venkatesh  
IAS Rank - 15, CSE 2024

The best mentor you can get is an elder sibling who is in service.

The *second-best* mentors are at ForumIAS.

At the **core** of Mains Guidance Program is Mentorship. At ForumIAS, you have access to the best team of mentors who have the relevant experience of guiding the *Crème de la crème* of Civil Services aspirants.

ForumIAS mentors follows an **active mentorship** approach, where mentorship is not passive or optional, but a continuous and structured academic engagement.

They have the experience of **handholding students** who are complete beginners – who are beginning their Civil Services preparation with very little experience to students who have come after 3–4 failed attempts.

As part of **active mentorship**, they reach out to students after the evaluation of every answer copy, ensuring **focused guidance, course correction, and academic clarity**.

Our mentorship has enabled them to realise their true potential by securing their name in the final list. This process is further strengthened through continuous **mentor townhalls** / group mentorship sessions, where students learn from the queries, discussions, and common mistakes of fellow aspirants.

ForumIAS boasts of the best tribe of mentors who have mentored – and continue to mentor – hundreds – if not thousands – of selected candidates.

In fact, if you have heard of the term *mentorship* in Civil Services preparation – remember *it all began with* the MGP Mentorship program.

# High Quality Questions & Answers that make you think and open your mind. Period.

Mains Guidance Program is no *ordinary* test series. They are also not a *bunch of questions* pooled together and dumped on the students.

One of the *key* differences between the Civil Services Examination conducted by the Union Public Service Commission vis-à-vis other State Services Examinations and University Examinations is that the Civil Services Mains Examination is a *thinking* paper.

This means that you cannot simply mug up notes and vomit them in the paper.

Questions often require deeper understanding, conceptual awareness and a thinking and open mind that can *quickly* collate *opinions* and facts to answer questions asked on the go.

With the increasing difficulty level of the Civil Services Examination, MGP makes you *think* - opens your mind to new ideas and dimensions – and prepares you for the real exam like no other.

Which is why the largest number of selected students\* and interview appeared candidates choose the Mains Guidance Program over and over again.

\*for rank improvement and mentorship guidance

My heartfelt gratitude goes to the Forum IAS team for helping me in achieving this feat of AIR-16 in CSE 2024. I was a part of the MGP test series, Current Affairs classes as well as the Interview Guidance Program by Ayush sir. The test series is very well drafted with relevant keywords/value additions in the model answers.

Thank you once again to the whole team.

**Start as an  
aspirant.**

**End up becoming

**Compete with  
India's best.**

**In fact, *become*  
India's best.**

---

I enrolled in the ForumIAS Mains Guidance Programme for CSE-2022 and CSE-2024. The well-designed tests, timely evaluation, and crisp model answers helped me improve my answer writing.

Regular mentorship calls also helped clarify doubts. ForumIAS played a key role in helping me secure AIR 352 in 2023 (IDAS) and AIR 17 in 2024 (UPSC). I thank Ayush sir and his team for such quality input to my preparation and wish them best of luck for the journey ahead.

Sanskriti Trivedy

Do you know that IAS Toppers of CSE 2023, CSE 2022 and CSE 2021 Aditya, Ishita and Shruti were first part of MGP Year Long program?

A lot of students think that they must join MGP after the prelims.

Some students are also misguided into thinking that they must complete the syllabus first then write answers.

Given the nature of humanities, the syllabus completion day never comes, while the exam does.

We don't blame them. A lot of noise on the Internet and for attention—in an age of attention economy—separates the serious and sincere, well-aware student from the masses.

MGP is a self-paced, flexible, self-study plan with answer writing for the sake of accountability at regular intervals, with mentorship support that has worked for thousands of students since we launched the program in 2016.

The Year Long MGP makes sure that you take the slow, but small steps to writing answers, before being thrown into the competition.

There is no substitute for answer writing.

# Prepare Current Affairs with India's Best:

## Based on Relevance, Retention & Recall

---

I found ForumIAS MGP Test Series quite good for my UPSC CSE Mains preparation. The quality of questions was comprehensive, evaluation was quick and thorough, and model answer were enriching. It helped me to remain on track with the syllabus and the schedule.

Saumya Mishra  
IAS Rank - 18, CSE 2024

---

Current Affairs Classes are designed to help aspirants prepare dynamically, not mechanically. Instead of daily information overload, preparation is organised through **theme-wise classes** that reflect how UPSC actually frames questions.

Each theme is curated using the **Relevance, Recall, and Retention philosophy**—filtering news through exam value, linking it with static syllabus, and reinforcing it through repeated conceptual anchoring.

Classes focus on issue-based **understanding, interlinkages, and PYQ orientation** rather than headline memorisation. This ensures deeper comprehension and sharper application in both Prelims and Mains.

By structuring current affairs around themes, these classes transform scattered news into coherent, recall-friendly knowledge—helping aspirants prepare **current affairs like no other**.

ForumIAS conducts Year Long Current Affairs (Dynamic Issues – GS Paper 2 & 3 & Certain parts of GS 1 & 4) in 3 phases.

**In the first phase**, one of the challenges with other Current Affairs Classes is that Prelims is completely ignored in phase 1 and is left for last moment. However, we cover the pre-cum-mains syllabus of GS Papers through issue-based classes. Current Affairs for Prelims will be regularly covered alongside mains. Classes are held twice a week till the last week of January.

**In Phase 2**, the focus is completely on Prelims. We sum up current affairs of the past 2 years in about 18-20 classes across Polity, Economy, Geography, Environment, Science & Tech, with mapping and other miscellaneous topics. Classes are held 3 days a week.

**In Phase 3**, which commences 2 weeks after the Prelims gets over, about 20 - 22 classes are conducted focusing on the most important mains issues of that year. Any updates to topics previously covered are also provided.

# Making test feedback more interactive and intuitive.

Test Feedback is designed to go beyond marks and ranks, focusing on **interactive** and **intuitive evaluation** that actually improves performance. Instead of generic comments, **feedback** highlights **why an answer worked or failed**.

Each response is analysed for **content relevance**, **structure**, **articulation**, and **demand** of the question. This helps aspirants clearly identify gaps in understanding rather than guessing their mistakes.

The feedback process encourages two-way engagement, allowing aspirants to **reflect**, **refine**, and **realign** their approach. Actionable pointers replace vague suggestions.

By making feedback intuitive, aspirants learn how to think, structure, and write better with every test. This transforms evaluation into a learning tool—turning every mistake into a step closer to Mains success.

This is Vibhor Bhardwaj, AIR-19 in UPSC CSE-2024. I am thanking ForumIAS for MGP Test Series which helped me in my answer writing practice, during my Mains preparation.

I also took the Prelims Test Series from ForumIAS Academy.

Thank You.

# Now cover all relevant questions from Previous Year Questions ( PYQs ) in MGP 2027 with Master PYQ Classes & brilliantly written solutions.

---

Forum MGP helped me in Answer Writing Practice of 2023 Mains. The MGP Model Answers are one of the best and have acted as a premium value enrichment source for lakhs of aspirants. The tests are designed in a way which helps aspirants cover the syllabus comprehensively.

Trilok Singh  
IAS Rank - 20, CSE 2024

---

**Master PYQ Classes** are anchored in the understanding that the UPSC question paper is the most reliable guide for Civil Services preparation. The programme systematically analyses the last 15 years of Mains PYQs to cover *thematic priorities*, and understand the *evolving nature* of UPSC's demands.

With MGP 2027, rest assured that you will not only cover all well-curated, important / non-outdated\* concepts from Previous Year Questions through MGP tests – you will also find solutions to some of those questions.

Over the course of almost 12 to 18 months, we will make sure your minds are seeded with previous years questions, so that you not only move in the right direction – you also develop the much-needed confidence in solving previous year questions.

And you will also not waste time solving PYQs that are no longer relevant (due to change in dynamic issues, and some issues becoming dead) – nor waste time researching their solutions.

But that's not all, with MGP 2027, you will be exposed to the most cutting edge and relevant dynamic questions, that make you think, that open your minds, and train you to face the actual Civil Services Mains paper.

\*A large number of PYQs lose relevance over a period of time given the dynamic nature of current happenings and emergence of new factors. Due to lack of experience, a lot of students waste time solving questions that have lost relevance.

# Take the Handholding Steps.

With MGP 2027, rest assured that you will be provided with handholding features that ease your academic journey as well as easy access to mentors and deliverables from the institution.

For academic journey the tests plan has been curated so that you do a) read the basic books and MGP Blueprint docs, b) Watch MGP Master Class, c) write the self-assessment test and d) finally write the evaluated MGP tests.

The syllabus has been planned in a way that at the beginning you are reading the syllabus which is foundational and common for both Prelims and Mains examination.

A new feature of SPOC (single point of contact) is being introduced which will help you seamlessly connect for mentor interactions. The SPOC will be readily available for your interactions and deliverables with the organization.

---

**MGP has been extremely helpful in replicating the standard of questions asked by UPSC to a large extent.**

**The model answer provided by the team were crucial to value addition.**

**I would like to express my gratitude to the entire FORUM IAS team and Ayush Sir for motivating and guiding me.**

**Warm Regards**

**Riya Saini**
