You know how everyone around us keeps talking about “*the best strategy*” for UPPSC? The truth is, there isn’t *one*. What works for someone else might *not work* for you at all. Every student is at a *different* level of preparation, with different strengths and gaps. That’s exactly what a smart strategy looks like, self-awareness and clarity, not blindly following the crowd. To make this easier, ForumIAS has designed different *tailored courses* for different needs, so instead of getting confused, just pick what suits your requirement right now.
