OUR PHILOSOPHY

This is not a newspaper class. It never was.

Every coaching centre runs a 'current affairs class.' Most follow a monthly newspaper. That produces hundreds of students with identical, surface-level answers - which examiners recognise immediately.

ForumIAS Current Affairs+ is built on a fundamentally different premise: UPSC does not ask you to recall events - it asks you to analyse themes. The questions you will face in Mains 2026 are already latent in today's debates. Our job is to map those debates with depth, structure, and distinctive intellectual content.

THE 4C PHILOSOPHY

Comprehensive Coverage: Complete coverage from PIB, The Hindu, Indian Express, Times of India, EPW, and Frontline. No important issue goes uncovered.

Content Quality Enrichment: Crisp, concise content with multi-dimensional analysis, data, reports, thinker views, and concrete examples that add substance to your answers.

Content Differentiation: Classes go beyond common sources. Our students write answers that are qualitatively superior to the average candidate's.

Content Reproduction: Live answer writing inside every class — not as a separate test, but as a core pedagogical method.

“Questions are not drawn directly from current events but are rooted in the broader themes underlying those events.”

— ForumIAS Academic Team

“The key to securing high marks in Mains is content differentiation — not more hours of reading the same newspaper as everyone else.”

— Observed across CSE 2017–2025 results

WHAT YOU GET

Every session is a complete package.

22 classes designed for one purpose: to give you answers that are more qualitative and substantially superior to what the average candidate writes.

Structured Handouts

1–2 page crisp notes per topic: concept maps, curated data, thinker quotes, case studies, reports, and way-forward. Printed for offline students; uploaded digitally before each class for online students.

Live Answer Writing in Class

Answer writing is woven into every class as a teaching method, not a separate activity. You see answer structure built in real time and write it in real time, with immediate faculty feedback.

Issue-Based, Not Event-Based

Topics are selected based on recurring Mains examination themes and UPSC's analytical bent — not by what appeared in yesterday's newspaper. Every issue is taught with full conceptual depth.

Data, Reports & Quotes

Every handout includes curated data points, official reports (NITI Aayog, IPCC, UN, Ministry of Finance), thinker references, and committee recommendations that make answers quotable and distinctive.

Multi-Source Synthesis

Classes synthesise PIB, The Hindu, Indian Express, EPW, Frontline, and government reports so you never need to read multiple sources for a single topic again.

Online: Live + Recorded

Live stream at class time for online students. Missed a session? Recorded access available (2 full views per video). Offline students may request Video on Demand (max 2 per month).

Cross-Paper Utility

Content is structured to work across GS 2, GS 3, Essay, and even Ethics case study framing. One program — multiple paper dividends.

Economic Survey & Union Budget

Dedicated coverage of Economic Survey and Union Budget is embedded within the 22 classes — not a separate add-on course.

COURSE STRUCTURE**22 classes. Zero filler.**

Topics are not drawn from a calendar — they are chosen because UPSC has consistently asked, or is likely to ask, questions rooted in these themes. The first 3 classes are open to all students as a trial.

Subject Area	Classes	Key Themes Covered
GS Paper 2 — National & Social Issues	7	Polity & Governance • Welfare & Social Justice • Federalism • Gender & Minority Rights
GS Paper 3 — Economic Issues	6	Economic Survey & Budget • Trade & Industry • Agriculture • Infrastructure • Fiscal & Monetary Policy
Environment & Ecology	3	Climate Change • Biodiversity & Conservation • Disaster Management • Energy Transition
Science & Technology	2	AI & Emerging Technologies • Space Policy • Biotechnology & Health • Cybersecurity & Digital Governance
International Relations	2	India's Neighbourhood • Multilateral Institutions (UN, WTO, IMF) • Emerging World Order
Internal Security	2	LWE & Counter-terrorism • Maritime & Coastal Security • Hybrid Warfare • Cybersecurity Threats • Border Security

Note: Content from these classes is also useful for Essay framing and GS 1 social dimensions. This is not a paper-siloed program — it's designed for Mains as a whole.

SAMPLE HANDOUT

See exactly what you receive in every class.

Every handout is a self-contained exam instrument — structured for 10-mark and 15-mark answers, with value-addition content built in from multiple sources.

Handout 1 — Maritime Security (GS Paper 3, 15 Marks)

FORUMIAS · CA-250731 · CSE 2025 MAINS · GS PAPER 3

This is not coincidence. ForumIAS faculty tracks examination patterns going back to 2013. The overlap between our classes and the actual Mains paper has been consistently high across CSE 2017 through 2025.

What our students say.

"I feel extremely blessed to have been part of such an amazing and competitive environment during the course of my 5-year CSE journey. CA classes, Essay Guidance Program, Ethics classes, SFG and GSAP guided me in the right direction and competition made me work hard. Thanks to Ayush Sir, Anika Ma'am, and all the mentors to make the impossible possible for me."

Madhvendra Pratap Singh | AIR 153 · CSE 2025

"I would like to thank ForumIAS for quality content through the Current Affairs Programme and MGP. The answers helped me improve and do value enrichment. The mentorship programme provided me guidance and support during multiple setbacks."

Samiksha Dwivedi | AIR 56 · CSE 2025

"I have been a student of this institute for around 3 years. I enrolled in several ForumIAS programmes including SFG, MGP, GSAP, Current Affairs etc. The personal mentorship provided by Ayush Sir has been immensely helpful in my journey."

Liza Garga | AIR 303 · CSE 2025

"The Foundation Program played a pivotal role in preparing me from all three stages of the exam. CA classes by Sahil Sir, they were highly engaging. CA classes were the PANACEA in labyrinth of materials. The CA assignments were the benchmark of materials."

Rishabh Yadav | AIR 132 · CSE 2025

Earlier Batches

"I am grateful to ForumIAS for their valuable Current Affairs program which benefited me immensely in GS Paper 2 & 3 and in Essay also."

Varun Reddy | AIR 7 · IAS · CSE 2018

"The crisp and concise content and structuring helped me a lot right before the exam. I would like to thank ForumIAS."

Sanjita Mohapatra | AIR 9 · IAS · CSE 2019

"I have been a part of ForumIAS Current Affairs classes. notes are very unique, quantitative and crisp. They helped me add value to my mains answers."

THE WINNING COMBINATION

MGP + Current Affairs+ = Complete Mains Arsenal

ForumIAS's Mains Guidance Program (MGP) and Current Affairs+ together represent the single most powerful combination for Mains preparation — regardless of your attempt number. MGP builds your core static knowledge and answer-writing discipline. CA+ ensures that knowledge is enriched with themes, data, and analytical depth that differentiate top-50 answers from average ones.

This combination has been the backbone of our toppers: AIR 2 & 4 in CSE 2022, AIR 3 & 8 in CSE 2023, and multiple top-200 rankers in CSE 2025 — whether first-timers or those seeking rank improvement.

WITHOUT CA+

Good foundational answers. Limited data and thinker views. Identical structure to most candidates. Unlikely to stand out in a competitive field.

MGP + CA+

Differentiated answers. Examiner-noted data. Multi-dimensional analysis. Thinker quotes. Answer structure that stands out. Consistent topper results.
