ABOUT THE PROGRAM

One mentor. One roadmap. One accountable journey.

"UPSC is not just about hard work – it is about guided hard work."

Just like an elder brother who mentors you through life, a true UPSC mentor prevents mistakes, brings clarity, and keeps you accountable. Preparation without direction leads to confusion; preparation with mentorship leads to results.

MGP INFINITY(∞) by ForumIAS is a flagship mentorship-led program designed to provide structured guidance from Day 1 till the final exam. Every aspirant is assigned a dedicated personal mentor who creates a realistic roadmap for Prelims and Mains, tracks progress, evaluates performance, and recalibrates strategy whenever required.

With defined targets, continuous review cycles, answer writing practice, and integrated support from ForumIAS programs, the focus remains on disciplined execution. This is not just preparation — it is a mentor-driven ecosystem built to convert effort into outcomes.

A Note on Mentor Role

A mentor in MGP INFINITY is an expert in UPSC strategy, answer writing, and exam orientation – not a classroom teacher. The mentor will guide, evaluate, and correct your preparation strategy, not replace self-study. Guidance is strictly limited to the UPSC syllabus, preparation strategy, and exam-related decision-making.
